Prize money for 45th AuSable Canoe Marathon reaches \$38,000

Grayling and Oscoda, at opposite ends of the fabled AuSable River, are preparing to co-host the 45th annual AuSable River Canoe Marathon, an event that pits world-class athletes in a 12-mile, non-stop race for more than 14 hours and 55,000 paddle strokes.

This year's Marathon is sponsored by the Weyerhaeuser Company and will be July 25-26, beginning in Grayling at dusk on Saturday and ending in Oscoda during the day Sunday. Paddlers vie for \$38,000 in purse money and prizes, with the winner guaranteed \$5,000 and eligible for much more in leader and finisher bonuses.

An estimated 40,000 fans turn out,

many hopscotching in autos, vans, trucks, and buses to viewing spots along the beautiful AuSable River as the Marathon proceeds from the narrow upper river at Grayling to bridges and portage points at the river's six hydroelectric power plant dams. More join in along the 14 miles of open river to the mouth on Lake Huron at Oscoda. This longest of all non-stop canoe races also has been called "the world's toughest spectator sport."

More events than ever before are planned at both ends of the race by the host communities intent on giving Marathon fans a wealth of fun. Events sponsored by various organizations range from a grand parade in Grayling

to a three-ring circus in Oscoda.

At both ends, the Canoe Marathon committee will hold challenge races in which canoeists, both professional and amateur, sprint for awards on short closed courses. These races are sponsored by Glen's Market of northern Michigan. In Grayling, the committee also holds pre-race canoe inspections publicly and the LeMans-style footrace to the river that gets the Marathon itself underway at 9 p.m. on July 25 is always a thriller.

The contesting canoeists begin to reach Oscoda the next day about 11 a.m., stroking in near-exhaustion for the final mile, then half-mile. Fans

along the river banks cheer them along, as they reach the finish line.

Many have entered this race over its 44 year history. Not all have finished. Completing the 120-miles in less than 19 hours is a feat that any athlete can be proud of and that fans who witness their achievements also remember warmly.

In addition to Weyerhaeuser Company, the prime sponsor, and Glen's Markets as sponsor of the challenge races, the Canoe Marathon's success has attracted three associate sponsors: Big Boy Restaurants, Grayling State Bank, and City Environmental Services of Grayling.

Fourth of July Activities

Sponsored by the Grayling Youth Booster Club

AT LITTLE LEAGUE FIELD

- 9:00 a.m. Girls Longest Throw Contest -- On field for age groups 7-8, 9-10, & 11-12
- 9:00 a.m. Boys Pitching Accuracy -- In batting cages for age groups 7-8, 9-10 & 11-12
- 9:45 a.m. Girls Pitching Accuracy -- In batting cages for age groups 7-8, 9-10 & 11-12
- 9:45 a.m. Boys Longest Throw Contest -- On field for age groups 7-8, 9-10 & 11-12

Commissioners to view preliminary plans for county jail renovation

By Lori Swarthout

Crawford County Commissioners, along with the rest of the jail committee, received an update at a June 30 meeting from Northstar Management and Consulting on the planning process and possible means of financing the necessary renovation of the Crawford County jail.

Architect George Moutsatsin, a member of the Northstar team, has preliminary designs based on scenarios for five, ten, and fifteen year needs of the county. After the commissioners examine his designs, more detailed information and planning will be done, based on the commissioners' choice of design.

Various means of financing the project were reviewed, with emphasis

on Installment Purchase Contract (IPC) as a preferred alternative. Legislation dating back to 1851 allows the county to purchase lands, property, or equipment for a public purpose, on time, providing the contract is for less than the useful life of the purchase or ten years. The amount financed must be no more than 1/2 of 1% of the county's S.E.V. and the board of commissioners must approve such a contract by resolution.

Crawford County's current S.E.V. of \$242,727,630 would allow the county to contract for as much as \$1,213,638. Payments on this purchase contract would be made out of proceeds from the sale of the landfill.

Commissioner Dennis Long directed the county treasurer to break

down for the commissioners exactly how much has been received so far from the landfill sale. Long wants to know how much of these proceeds have been paid out in fines, how much has been put in the capital improvement fund, and how much is

in the contingency fund as the commissioners take the next steps in the jail renovation process.

The committee will meet again in three weeks as final details are worked out and Northstar completes its planning contract.

Oakland County fugitives caught

By Lori Swarthout

Crawford and Oakland County deputies cooperated in the arrest of two men wanted on a variety of serious charges in Oakland County.

Crawford County deputies were contacted by members of Oakland County's fugitive team in the early morning hours of June 25th with a request to help arrest 27 year old Marty Allen Siminski of Oakland County. Siminski was wanted for escaping from the 50th District Court on June 23 after being escorted away by corrections officers. He is awaiting trial on charges of B&E, two counts of armed robbery, and attempted murder. Siminski is also

said to be responsible for ten other armed robberies in Oakland County.

The Oakland County fugitive team had information that Siminski was in Crawford County. At approximately 2:00 a.m. several officers from both departments converged on a Grayling township residence and arrested Siminski without incident.

Another male at the residence, a 59-year-old Grayling man, was also wanted by Oakland County authorities on three counts of 1st degree criminal sexual conduct. Both subjects were immediately transported back to Oakland County.

More than 25 concerned business representatives attended last week's "Eggs and Issues" breakfast hosted by the Grayling Chamber of Commerce. The breakfast featured speakers from City Management Corporation (CMC) and City Environmental Services of Waters (CESW), new owners of the Otsego/Crawford landfills. The purpose of the meeting was to inform area business leaders about the plans CMC has for the landfill and the expansion of the present drop-off recycling program.

Bruce Bawkon, PE, an

environmental engineer from CMC, reviewed the present recycling program which is limited to twice-a-month collections at several locations in the county. City recommended two to three sites within the county be selected where a container for collecting recyclable materials could be located on specific days each week. Chamber members and City agreed that it is important to use the same site and times of operation every week so people become accustomed to including recycling in their weekly errands.

"For the recycling program to be successful, this must be a united effort of the community, business, and City," said Bawkon.

A focus was placed on cooperation between the residents, businesses, and City Management. The roll-off bins, collection, transportation, sorting and marketing of the materials will be provided by City. Businesses were asked to help locate visible and easily accessible sites in the county. Community assistance will be needed to provide volunteers at the sites during hours of operation.

If residents are willing to volunteer their time at the drop-off centers, or if a business can provide a location for a roll-off that would be available every week, please contact Gary Crosby at the landfill at (517) 732-3553.

Spike's Challenge to be held July 5

Don't miss the 2nd annual "Tougher Than Nails" Spike's Challenge Pro-Am Canoe Race to be held Sunday, July 5. It's a chance to watch the daylight version of the first five hours of the famous AuSable River Canoe Marathon, as the race features favorite pro and amateur racers from Canada and all over Michigan.

The Spike's Challenge begins in Grayling with a LeMans start at Ray's Canoe Livery — the amateurs at 8 a.m. and the pros at 9 a.m. — and proceeds down the AuSable River to Camp 10 Bridge, just west of Mio, finishing between 1 and 2 p.m.

This daylight pre-marathon warm-up race is a perfect opportunity for children to view this popular sport.

New boat launch site cleared at south end of Lake Margrethe campgrounds

Land has been cleared for a new boat launch at Lake Margrethe but the new facility won't be finished until next spring.

The boat launch will be located at the south end of the state campgrounds, according to Jim McMillan, from the DNR Grayling office.

McMillan said the new facility will have a concrete ramp and paved parking lot for 40 cars and trailers.

"There is a small boat launch at the day-use part of the campground but it's too shallow," he said.

The new launch area is a little deeper

and it will be dredged.

"The Recreational Division of the DNR has been looking for another boat launch site on Lake Margrethe for about a year," McMillan said.

The DNR even considered buying private property but the new site south of the campgrounds was their only alternative.

Work wasn't scheduled to start on the new site until fall but National Guard engineering crews assisted with the DNR project three and a half days last week. Twenty soldiers with five dump trucks, two bulldozers, two

loaders, and a small excavator cleared stumps and brush and did rough leveling.

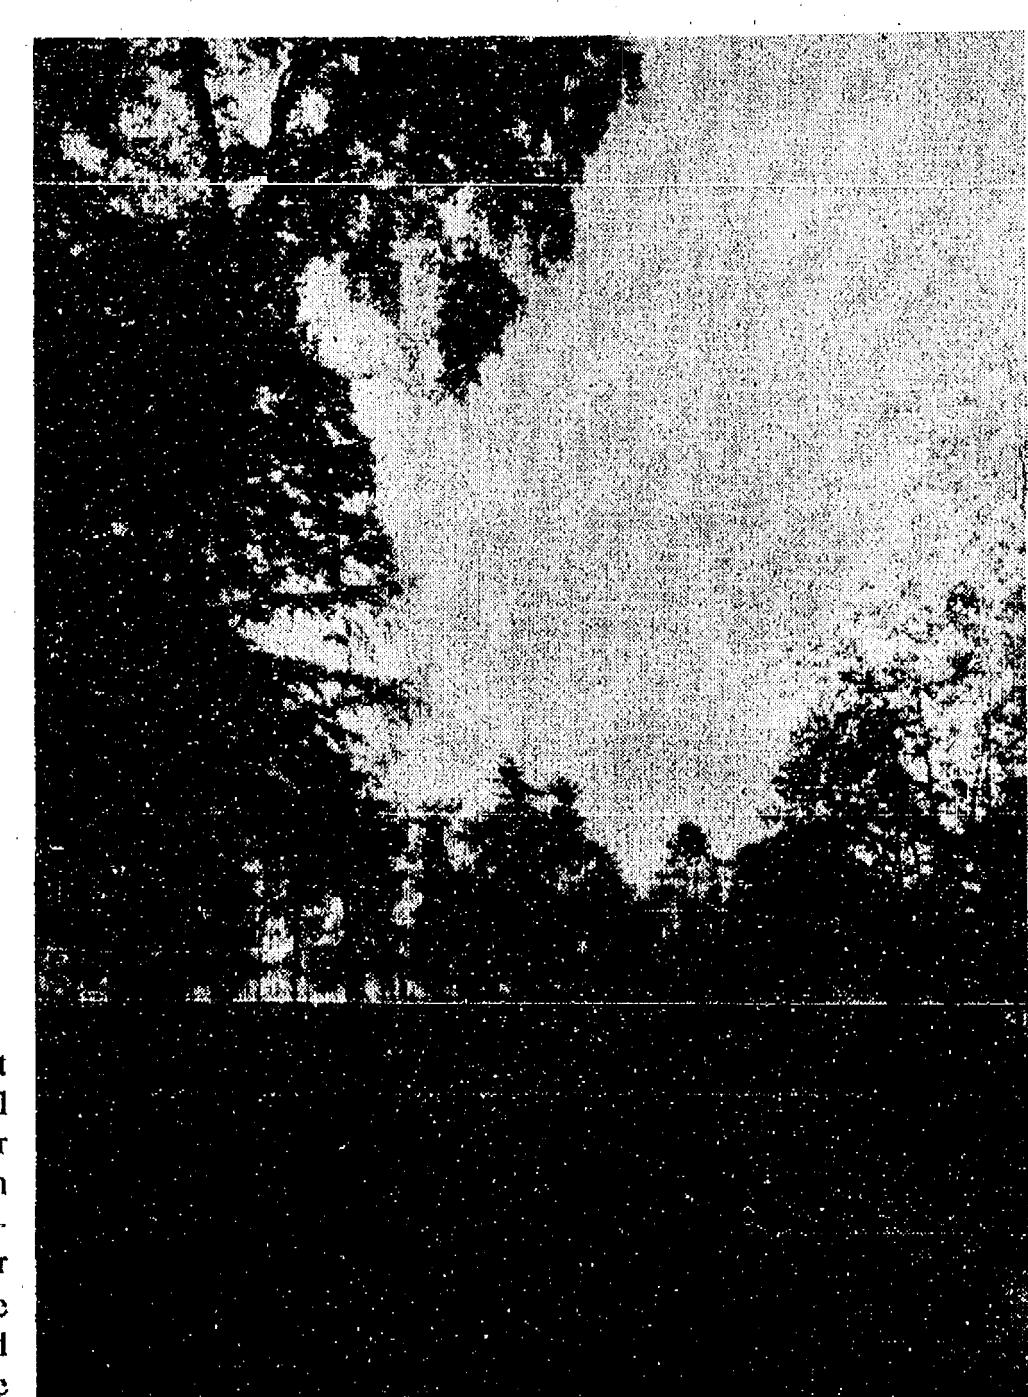

Company B of the 107th Engineering Battalion from Ironwood and Iron River and the 1435 Engineer Company of the 207th Engineer Battalion from Bay City performed the work as a community project.

Eight campsites on the south end of the campgrounds were lost to part of the new parking lot and launch area. Four of the campsites were walk-in sites. A set of toilets were also moved. McMillan said all the necessary permits for constructing the new launch

site have been secured.

The campground has 32 sites left and McMillan said the DNR will probably be able to replace the four walk-in sites easily, adding them in open space areas in the existing campgrounds. He said replacing the other four drive-in sites will require a little more work and one possible area would be toward the day-use part of the campground.

McMillan said nothing more will be done at the new boat launch site until this fall.

NEW BOAT LAUNCH SITE--This road at the south end of the Lake Margrethe state campgrounds now leads to a site cleared for a parking lot and boat launch.

'92 Fair dedicated to county youth

In the history of Crawford County, there were many that influenced the businessmen, doctors, teachers, and development of this area into the others that contributed to Crawford thriving community it is today. Names County's everyday life. An even like David Shoppenagon, Rasmus Hanson, and Fred Bear are a few that have gone unrecognized are the youth. One may ask, "What kind of

contribution do the youth give?" Many.

Walk down any Grayling street during the summer and listen. Listen close. It may take a moment, but there drifting in the summer's breeze you'll hear the young. Laughter, crying, talking, singing, and other sounds of young at play. Look around. There they are, playing, working, and just growing up. These young are the ones that see Crawford County everyday. They see the strengths, and the weaknesses of the community around them. As they are growing up, they will find they have the voice to change

things for the better. The Crawford County Fair Association is dedicating the 1992 Crawford County Fair to the youth of Crawford County. The fair association recognizes that the young in this county not only have something to contribute today, but in the future... our future.

There will be special events held throughout the fair directed to the youth of this county. Opening night, dedication ceremonies will be held for the new soccer fields and softball diamond. Also taking place Wednesday night will be the Little Miss Contest, and a kid's tractor pull. Special ride prices will also be in effect for the kid's opening night only.

Other special events planned for this year's fair:

Thursday, July 16

Carnival, grease pole contest, dunk tank, dance studio performance, talent show, flea market, exhibits.

Friday, July 17

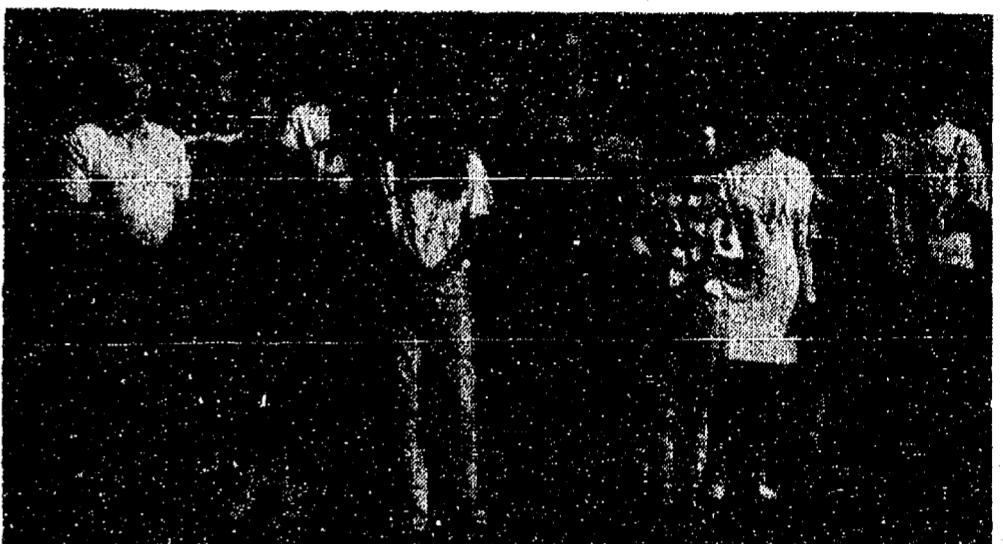

Horseshoe tournament, pony pull, carnival, grease pole, dunk tank, flea market, exhibits.

Saturday, July 18

Little League tournament, fire fighters, horse races, beer tent, Vegas night, and much more. (See full schedule in next week's Avalanche.)

TOP EROSION PAPER WRITERS—Grayling High School freshmen Kevin Jacot, \$50 winner, Nicole Sloan and Tom Miller, \$25 winners, accept their checks from Mike Wieland, GHS Environmental Science instructor and Steve Southard, president of the AuSable River Property Owners Association. The organization awarded \$250 in prize money to the writers of the top erosion papers.

EROSION PAPER WINNERS—Freshman students in Mike Wieland's Environmental Science class at Grayling High School wrote extensive erosion papers this spring on sites throughout Crawford County—including spots on rivers, lakes, roadways and forest trails. The students studied the causes and solutions and mapped the areas, using township and range measurements.

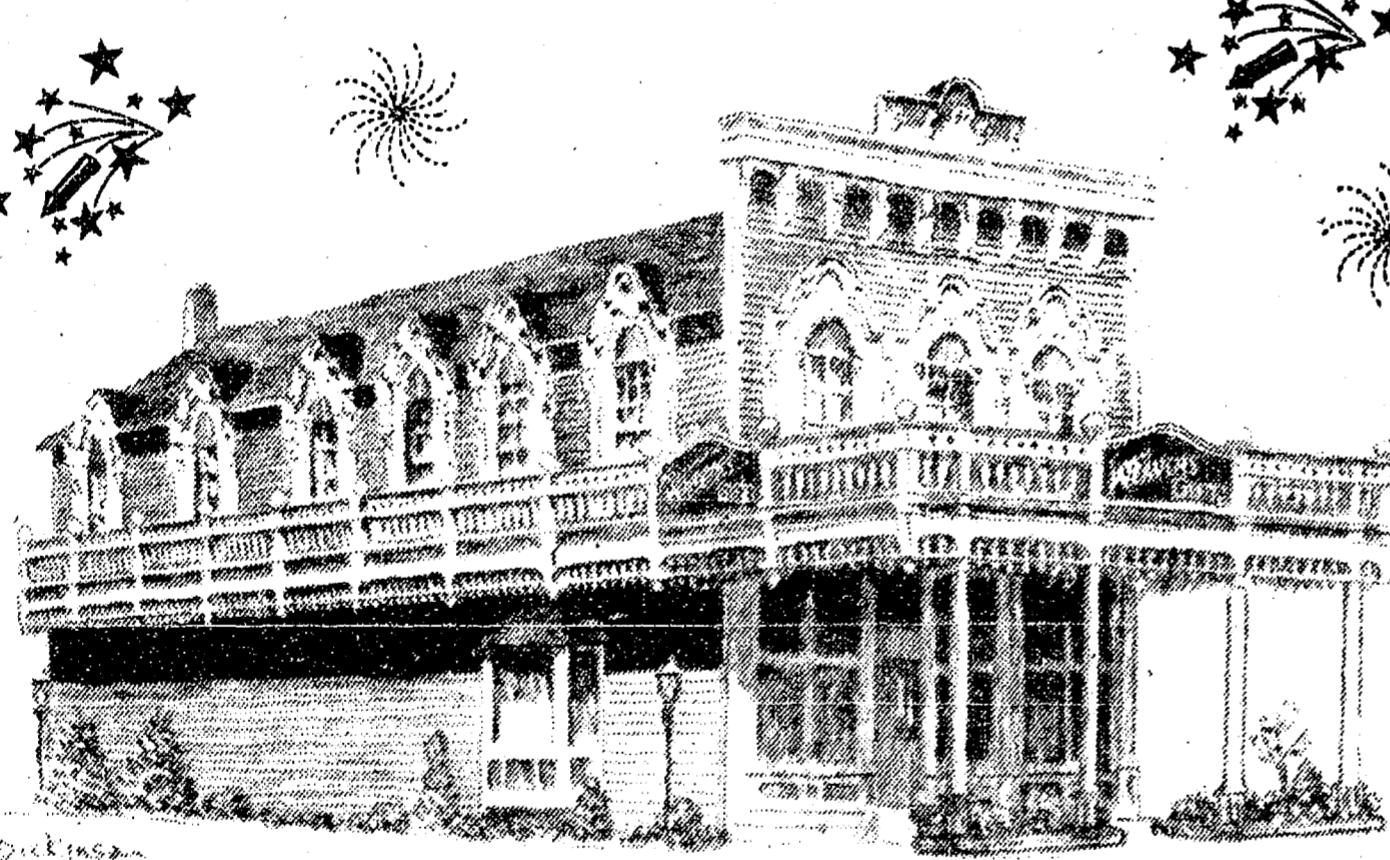

\$250 is awarded annually by the AuSable River Property Owners Association to the students writing the top papers. Winners included: Kevin Jacot, \$50; Tom Miller, Nicole Sloan, \$25; Sarah Furst, \$20; Laura Hawkins; Michael Johnson, \$15; Brandy SanCartier, Jason Weber, Lynne Rochette, Dusty Gammon, Joshua Cox, Samara Sabin, \$10; and Brad Prause, Ty Alma, Mike Modica, Shane Hinkle, Charlie Kucharek, Greg Barnum, Lowell Bindschatel and Tammy Green, \$5.

Public reviews school health education

A small number of parents were present at a Crawford AuSable School District (CASD) public meeting on the proposed K-8 health education curriculum on June 29.

Eight citizens inspected materials and equipment and examined the courses' goals, objectives, outlines and lessons—which have taken the past year to develop—for 45 minutes.

A discussion and question/answer session with Superintendent Kent Reynolds, four Board of Education members and two teachers lasted for 30 minutes.

According to Reynolds, the CASD health curriculum contains portions of the Michigan Model for Comprehensive Health Education and local programs, including D.A.R.E., QUEST, Paper People and Junior Deputy.

There will be a significant change in the science/health curriculum at the elementary levels, as those subjects are presently not emphasized in most

classes.

At the middle school level, health will compose less than 25% of the present science curriculum. For example, at the 6th grade level, there will be almost no change in the curriculum. But better models and equipment that come at no charge to the local school district will be used.

Reynolds explained that the portions of the Michigan Model that some found objectionable—Problem Solving with People (PSP) at grades 5-8 and calm breathing—have been eliminated from the CASD curriculum. Furthermore, the state has removed the calm breathing component entirely from its model.

In response to parent concerns that teachers may, nevertheless, inject calm breathing techniques into science and health instruction, Reynolds said that 1) the CASD teachers have not been trained to teach it and 2) if the curriculum is adopted by the board, teachers cannot deviate from it.

He said that parents will be notified by mail prior to the units on reproduction. If people want their children removed from that segment of the courses, then students will be directed assigned other work to complete outside of the classroom.

Reynolds reminded the audience that classes at all grade levels will share the materials, so all sections will not study

the same units at the same time.

The health materials have also been offered to the AuSable River Valley Ministerial Association for use in churches, he added.

Before the health curriculum was completed, it was reviewed by a 25-person citizen committee that included parents, health professionals and members of the local clergy over the course of several meetings.

The district curriculum committee—which includes board members Bernadine Dosch and Carol Ramaswamy—also spent two sessions examining the materials.

The final proposal was submitted to the full board at the June 15 meeting and will be an action item on the board's July 13 agenda.

New dentist begins practice in Grayling

Steven J. Thompson, D.D.S., has opened a new practice here, Grayling Family Dentistry. His office is located in the new Grayling Professional Center at 205 Meadows Drive.

Thompson was graduated in May from the University of Michigan Dental College after four years of study. He began his undergraduate work at Central Michigan University and entered dental school early, after only three years of undergraduate study.

Thompson is a 1985 graduate of Houghton Lake High School.

"I lived in northern Michigan most of my life," said Thompson, "and I'm excited about the opportunity to return. I'm looking forward to meeting the people of the community and working with them towards the progress of the area."

Thompson, who enjoys golf, skiing, and hunting, said he enjoys being

outdoors as much as possible and looks forward to the year round activities offered in northern Michigan.

Steven Thompson, D.D.S.

Bouse earns GHS honor

Becky Bouse was among Grayling High School juniors named to the honor roll. Her name was inadvertently left off a list compiled by GHS and published in the Avalanche.

Early deadlines for July 4th holiday

The Crawford County Avalanche will be closed on Friday, July 3, in observance of Independence Day.

The deadline to turn in display advertising will be 5 p.m. Thursday, July 2. The deadline for classified display ads and community news will be Monday noon. The deadline for classified ads is Tuesday at noon.

Births

The following parents are proud to announce their recent arrivals at Grayling Mercy Hospital:

Bill and Christa Hubbard of Houghton Lake: Ande Lokilani, June 15, 1992, 8 lbs., 13 ozs.

Matthew and Michele Jernigan of St. Helen: Nathan Matthew, June 18, 1992, 7 lbs., 15.7 ozs.

Donald and Elizabeth Deary of Higgins Lake: Matthew John, June 17, 1992, 7 lbs., 11.3 ozs.

James Laslo and Rosie Reynolds of Grayling: Destinie Katherine, June 18, 1992, 7 lbs., 8 ozs.

Louis and Julie Kucharek of Gaylord: Joseph Anthony, June 5, 1992, 10 lbs.

City Police looking for arson suspect

Grayling City Police are searching for a person or persons who started three car fires Saturday and Sunday, June 25-26.

At 10:17 p.m. June 25 City Police were called to the Crawford County Department of Social Services parking lot where a DSS vehicle had a back tire on fire.

At 10:32 p.m. June 26 City Police found the same DSS vehicle on fire

from a rag stuffed down the gas tank fill opening.

At 11:16 p.m. the same night, City Police found the front seat of a vehicle owned by Joy Matthews on fire. The car was parked in the old Road Commission parking lot.

Anyone with information about the arson attempts, should call the City Police at 348-4621. The Crawford County Sheriff Dept. and Grayling Fire Dept. assisted with the fires.

CCC alumni to gather in '93

The nation looks for a president in November to resolve our country's problems.

I am looking for three million men who served in the Civilian Conservation Corps of 1933-1942.

A bipartisan interest in Congress has generated a bill to duplicate the excellent work of the old CCC. We are asked by legislators to give expert opinion to help them implement the new program.

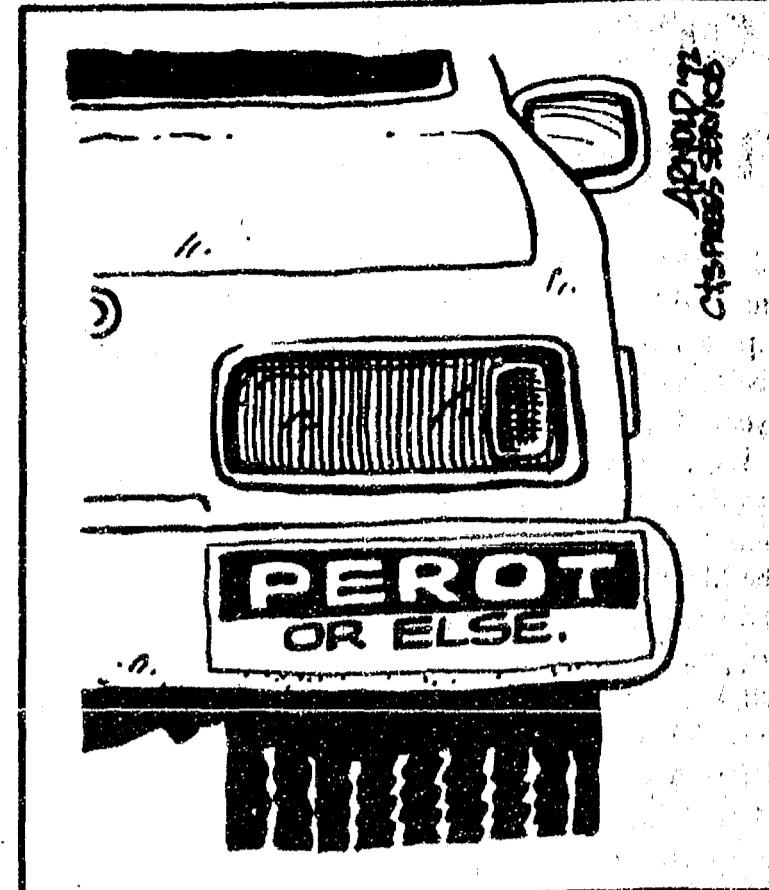

Although we alumni of the CCC are in our seventies and up, we are gathered together in chapters throughout the

nation, working for our present day youth, environment and conservation.

A national convention in the Washington, D.C. area is scheduled for July, 1993. Additionally, reunions of CCC veterans are held throughout the nation to relive the "best years of our life, the CCC" wherein we worked in the environment conserving the nation's resources as well as ourselves.

Write for details: J. Moscinski, 52 Woods Road, Little Falls, NJ 07424-2051.

Shelter needs Gaines symbols to raise money

As you know, the Animal Shelter of Crawford County is responsible for providing quality care and love to hundreds of homeless animals in our area each year. Unfortunately, our animal population increases

dramatically during the winter months when many animals are left homeless.

While our staff and volunteers are very dedicated to our animals, our shelter friends can only do so much. Over the next few years, the Animal

Shelter of Crawford County could receive thousands of dollars from the Gaines Dog Food Company, which we can use to help operate our shelter. We receive this extra money by collecting redemption symbols from Gaines and Ken-L Ration dog foods and redeeming them for cash. The Gaines program, which is endorsed by the American Humane Association, has generated over \$50,000 for local shelters nationwide since the program began.

As the Director of the Animal Shelter of Crawford County, I'd like to thank the animal lovers in the community for sending us stars and labels. Your help is extremely important to our operations. We hope you continue to send these symbols to us and encourage your friends to do so also.

Anyone who is interested in helping us receive these badly needed funds can call our shelter at 348-4117 or send us the redemption symbols from Gaines and Ken-L Ration dog foods at PO Box 869, Grayling, MI, 49738. Again, we are very grateful to those of you who have been helping us take care of the Animal Shelter of Crawford County's homeless animals.

Dixie L. Lobsinger, Manager

GHS students express environmental worries

LET'S WORK TOGETHER

I am totally dismayed at how people are taking the subject of the environment so lightly. The talk is money, money, money, and not how animals and other living things are dying from the pollutants in the air. I have no idea why we aren't doing more about it.

We are not talking about a problem that will go away, if we ignore it; we are talking about DEATH. This problem is world wide. All of us must pitch in and clean it up. We should all get off our couches and do something that for once is going to get something accomplished.

I really don't think the government is doing enough, but notice near election time the subject always seems to be on their minds. But after the people are elected, the subject is put in a file cabinet and dropped until the next election.

Please, this call goes out to everyone; let's work together and make this world a better place to live, before it's too late.

Michelle Sampsel
Grayling

LET'S GET SERIOUS

I think that very few of our politicians are using their authority to help our environment. It seems that you politicians tell us what is wrong and what we can do about it, but unless you help lead the way to saving our environment, not too many people are going to be willing to make the necessary sacrifices.

I believe my generation is concerned about our future with our environment. I think that the leaders of our country should stop wasting time and start cleaning up this earth.

I feel our future leaders, and our leaders of today, should become more interested in saving our environment.

Let's start being more serious about our environment!

Tricia Millard
Grayling

EARTH IS NOT SAFE

I am a fifteen-year-old person living in this world and not feeling safe.

Our earth is in so much trouble and it seems as though no one really cares. There are things being done to help — but just not enough.

I feel that you are not doing the job you are obligated to do.

I am not yet old enough to vote, but the job you do now will affect my decisions in years to come when I am able to vote.

All I'm asking is that you and other people stop sitting around and do something to help our planet. Just remember, pretty soon our planet will be uninhabitable if something is not done.

Rachel Wisniewski

Board candidate used names without people's permission

A Mr. Kit Depew recently placed an advertisement in a weekly newspaper as a write-in candidate for the Crawford AuSable School Board. In that advertisement he named the undersigned, among others, as supporting his candidacy. Most of us, at his request, had signed his petition solely for the purpose of placing his name on the ballot, while the rest had merely talked with Mr. Depew informally about his plans to run for election. None of us ever indicated our support for him nor did we give

him permission to use our names in that manner.

We apologize to the four candidates who had the forethought to file their petitions on a timely basis and assure you that we did not then, nor do we now, support the write-in candidate, our preference in matters of the ballots being very personal and known only to ourselves.

Local woman completes course in whitewater solo canoeing

Ellen Searles of Cartwright & Danewell in Grayling recently completed a course in whitewater solo canoeing at Whitewater Specialty, a 15-year-old paddling school based on the Wolf River near White Lake, Wisconsin. Searles was one of four representatives from outdoor retailers in the Midwest selected to participate in the 3-day class. A whitewater solo canoe paddler kneels in the center of a small, highly maneuverable boat and does the jobs of both the bow and stern paddlers in a tandem canoe.

The class spent part of the first day

on nearby lake getting comfortable with the balance in whitewater solo canoes and working on the strokes, stroke combinations and braces used in whitewater. Day one also featured a "chalk talk" in which Whitewater Specialty Instructor Scott Berry discussed river features, hydrology, and how to use the strokes in maneuvers that help control a paddler's progress through a rapid. Students then practiced those maneuvers in moving waters. Day one concluded with participants practicing safety skills in a Class II rapid: Searles and

the other students learned how to swim a rapid safely and how to throw and receive a rescue rope.

Day two was spent on the Red River, where Searles and the other students practiced eddy turns, peel-outs and ferries, the maneuvers used to control a boat and break a rapid down into doable parts. The class also had an opportunity to try surfing waves and sidesurfing backrollers, two play techniques enjoyed by whitewater paddlers. Highlights of day two included Monastery Falls and Ziener's Falls, two spots where students practice scouting rapids and analyzing their features to determine if they choose to run or portage.

Day three saw the class on the Wolf River, where there are much longer and more complex boulder-garden rapids. Searles and the other students had an opportunity to work on their river-reading skills and the technique of scouting a rapid from the canoe. In spots like Sherry Rapid, which is three-quarters of a mile in length, the students practiced eddy-hopping through the rapid to maintain control.

Lovells firefighters sponsor barbecue

The Lovells firefighters are sponsoring an old fashioned chicken barbecue Saturday, July 4th, from 3-6 p.m.

On the menu is barbecued chicken, potato salad, coleslaw, baked beans, rolls, beverage, and homemade dessert.

Price is \$5 for adults, \$2.50 for children under 12. This food will be served at the township hall and all proceeds benefit the fire department's effort to update radio equipment.

Obituaries

DeWayne Farmer

DeWayne N. Farmer, 68, of Grayling, died Thursday, June 25, 1992, at Mercy Hospital. Funeral services were held Saturday, June 27, 1992, at Sorenson Funeral Home, McEvers Chapel in Grayling, with Dr. Robert Barnett officiating.

Mr. Farmer was born June 19, 1924, in Flint. On December 12, 1970, he married Hildred (Hilde) Farmer, and she survives. He was a retired Tool & Die maker for Fisher Body in Grand Blanc. He moved to Grayling 15 years ago, previously living in Flint. He was a member of the Grayling Eagles Aries 3465 where he served as president in the years 1984-1985 and 1988-1989.

Mr. Farmer was preceded in death by his parents, Harry and Zola Farmer and a brother, Delton F. Farmer.

Surviving, in addition to his wife, are: son, Charles H. and Caroline Farmer of Burton; daughters, Sandra and Don Malucci of East Mesa, Arizona, Ramona and Daniel Kesten of Burton, and Nancy Farmer and Charmaine Yates, both of Flint; stepsons, Gerald and June Stone of Alpena and William and Sissy Stone of Garden Grove, California; brothers, Guerdon Farmer of Florida and Lee and Betty Farmer of Burton; 21 grandchildren; five great-grandchildren; and several nieces and nephews.

Cards of thanks

The family of Elwood Inman would like to thank everyone at Mercy Manor for the exceptional quality of care, patience, and understanding Elwood received during his stay. He could not have been made more comfortable during his final days. Thanks to Dr. Steffe for recognizing and fulfilling Elwood's needs. Also a special thanks to Father Connor and Sister Rosemary for their prayers. It was of great comfort.

Emily Inman and family

Ellen Searles

Cards of thanks

I would like to express my heart-felt thanks and appreciation to all of the wonderful people who helped me at the time of my accident: Carl Rankin, Ed Coulter, Lovells Emergency Care unit, Grayling ambulance crew and especially George McEvers, my post-man.

Also, many thanks to my friends and neighbors for the lovely flowers, cards, prayers, and the visits during my stay in the hospital.

Sincerely,
Edith Maki

Lovells News

Congratulations to the newlyweds, Mr. and Mrs. Kenneth Minard (nee Dawn Squire) who were married at the Chapel on Saturday, followed by a reception at the town hall.

On Saturday the Caid family enjoyed a reunion at the home of Mrs. Margie Harwood with about 25 members present. Out of town guests were from California, Texas, Petoskey, Mt. Clemens, Lansing, Alanson and Lewiston.

Remember the crafts and bake sale starting at 10 a.m. Also the chicken dinner starting at 3 p.m., followed by Bingo at 8:30 p.m. All events are at the town hall on Saturday, July 4.

Foundation offers free tree ID guide

"What Tree Is That?," a pocket guide for identifying trees, is available free from The National Arbor Day Foundation. The 72-page guide can help identify 135 different trees found in the eastern and central U.S.

Dozens of drawings illustrate the trees' leaves or needles and their acorns, berries, seed pods, cones, etc. "What Tree Is That?" is organized to make it easy to identify trees in a simple step-by-step fashion.

To obtain a free tree ID guide, send your name and address to "What Tree Is That?," The National Arbor Day Foundation, Nebraska City, Nebraska, 68410.

appreciate trees is central to the educational mission of the Arbor Day Foundation," John Rosenow, the Foundation's executive director, said. "Being able to identify trees is important to knowing how to care for them and how to plant the right tree in the right place."

To obtain a free tree ID guide, send your name and address to "What Tree Is That?," The National Arbor Day Foundation, Nebraska City, Nebraska, 68410.

Road commission to close Hulbert Road Bridge

The Crawford County Road Commission authorized the closure of Hulbert Road Bridge until further notice.

After a recent inspection of the bridge, it was determined that the bridge is incapable of carrying heavy

vehicle traffic. Although the bridge is posted for three ton load limits, the posting has been largely ignored and the road commission does not have the ability to enforce the limits adequately. In the interest of public safety, the bridge will be barricaded, as soon as it is feasible.

This necessary action was discussed at the June 19 meeting, and the Frederic Township supervisor was notified June

17 of the probable closure. While the bridge will not be removed until shortly before it is replaced, pedestrians should use extreme caution on the bridge due to the deteriorated condition of the railings.

Comments on this closure should be directed to the Crawford County Road Commission at PO Box 648 Grayling, MI, 49738, or to Frederic Township Frederic, MI, 49733. Permanent physical closure will occur after the July 14 Frederic Township Board meeting and the July 17 road commission meeting when comments received will be considered.

Strolling Around Town

by Fay Bovee

The corner of Maple and Ingham Streets is quiet now. The workers are gone from the new pumping station, the lawn has been seeded, the grass is green and the workers at Penrod's have planted their red, white and blue petunias in the area. It is a much more attractive building than housed the old pumps and it's peaceful here again after the year's activities. Not only do Penrod's keep their place looking nice, but the new owners of Borchers, the Henrys and Hunters, have been doing extensive yard work as well as a new porch and a decorative trellis to hide restrooms.

One of the first places in the city that was noticed this year was the Clark Station. They have had flowers every year and have now added shrubbery. It is a very clean, neat looking station.

Please phone me at 348-7017 and leave a message if I am not in. You need not give your name but only those whom you want to have a verbal bouquet.

I'll only comment once on the negative aspects of the city business loop and I certainly won't mention any names but there are some places that could use a little or a lot of TLC.

If they would only cut the weeds in some places and pick up the junk it would make a tremendous difference in the appearance as one drives through.

There are so many caring people out there who are trying to fix it up with the planters of marigolds and petunias as well as other landscaping. I will be glad to mention any person, place that should be recognized for their work in making Grayling a more attractive community.

Please phone me at 348-7017 and leave a message if I am not in. You need not give your name but only those whom you want to have a verbal bouquet.

Chorale to present concert

The Mikenauk Chorale of Kirtland Community College will celebrate its 10th anniversary with the presentation of John Rutter's "Requiem," July 12 at 3:30 p.m. at St. Michael's Church in Roscommon. It will act as the concluding event of Roscommon's Art in the Park celebration.

Also featured on the program will be violinist Pam Davis, trombonist Dwight Davis, flutist Richard Curtis, and vocalists Shirley Vincent, Karen Weber, and Rita Opkyke.

The fifty singers who make up the Mikenauk Chorale are from the communities that surround the Kirtland Community College area.

The public is welcome. There will be a \$3 donation asked at the door.

I've just opened a new Allstate office near you.

Local Red Cross needs volunteers to help area disaster victims, military, and others

Fire in Crawford County Burns more than 5,000 acres and destroys over 81 homes. Who was there to help? The people of Crawford County and the American Red Cross!

More than 600 pints of blood were donated by the people of Crawford County last year — with the help of the Red Cross.

The American Red Cross in Crawford County last year assisted approximately 30 families in bringing home loved ones in the Service during times of crisis.

These are just a few examples of how the Crawford County Chapter of the American Red Cross has helped this community.

The American Red Cross is a

humanitarian organization led by volunteers that provides relief to victims of disasters and helps people prevent, prepare for, and respond to emergencies. It is a world wide organization, whose goal is to express the importance of the inter-family communication, which keeps the family, community, and nation strong and on high morale ground, especially in time of crisis.

Due to the efforts of Elizabeth Dole, national chairperson of the Red Cross, the entire Red Cross organization as well as the local chapter are in the process of re-organization. Because of these efforts, the Grayling Chapter is in need of experienced individuals

who would like to share their professional experience.

Areas in need of assistance are: Service to Military Families & Veterans, Disaster Services, International Tracing services, First-aid and Swimmer Safety programs, volunteer coordination and financial administration.

Service to Military Families & Veterans: is a 24-hour communication service established by the Red Cross that has the means and ability to locate persons in any Military service anywhere in the world.

International Tracing is a new portion of the AMROSS Networking system. This service assists in locating lost or missing persons anywhere in

the world. Disaster Services provides assistance to families as well as the entire community during times of disaster. Last year 12 families whose homes burnt down in Crawford County were helped by the local chapter.

Qualified instructors and administrative personnel are needed in First Aid, Health & Safety and the Swimmer Safety programs.

For applications and more information call Bill Joseph, executive director, at the local Red Cross office: Monday and Friday, 9-11 a.m., and Wednesday, 1-3 p.m., 348-9745; or MaryAnn Bloomquist, volunteer and human resources chairperson, evenings, 348-8497.

In memory of

In memory of Ralph Heisel, Sr., who left us so suddenly four years ago, June 30, 1988. We still love and miss him, but we know he is safely in the Lord's care.

BINGO!

EARLY CHURCH LEADER—Heming Petersen was treasurer of the Grayling Danish Church for 46 years, 1899 to 1945. Every Sunday morning he took up the collection with a red velvet bag on a pole, which the church still has as a memento. In the early years he walked his family to church every Sunday morning and back again for the 5 p.m. service. He and his wife Kristen came to Grayling from Denmark to become farmers on the East Branch near the Sorensens and raise six children, Sophie (Forsberg), Hans, Christine (Feldhauser), Esther (Peterson), Martha, and Johannes. In 1916 they moved to Maple Forest, where it was the horse and buggy that brought them to town. Martha is the last of the family on the farm. She still drives to church on Sunday morning.

Heritage Day planned

Sunday, July 12, will be Heritage Day at St. John Lutheran Church with Rev. John Christensen from Manistee as the guest speaker. He is a long-time friend of the congregation who was here for the 50th anniversary celebration. A Danish dinner will be served at 12:30 in the family room. Friends and guests are invited. There will be 100 tickets available at \$5 for adults and \$2.50 for children under 12 years old. Call the church office at 348-5224 or Dorothy McLeod at 348-9169 before 12 noon.

Over the 100 years of St. John's existence, the church has been closely associated with the Methodists, never more evident than on June 21, when the Lutheran Church accepted the use of the Methodist Church dining room and sanctuary for the centennial banquet program.

The invocation before dinner was

given by Rev. Michael Kemper, the Interim Pastor. Rev. Robert Gordon, from Marion, Ohio, acted as master of ceremony for the program. City Mayor Robert Golnick presented a proclamation of recognition to Marilyn French, president of St. John Church Board. She read letters from friends and welcomed those in attendance.

Other speakers were Bishop Reginald Holle from Synod and Rev. Dr. Dennis Paulson from the ministerial association. Acting Rep. Ralph Osting, Eric Heidel of Gaylord made the presentation of the centennial plaque signed by Gov. John Engler, again to French. Keyna Kerekes provided a program of gospel music for entertainment. The benediction was given by Rev. Kemper.

If you're boating in Michigan...

**THE
INTEREST ON
YOUR CD IS
GOING,
GOING,
GONE.**

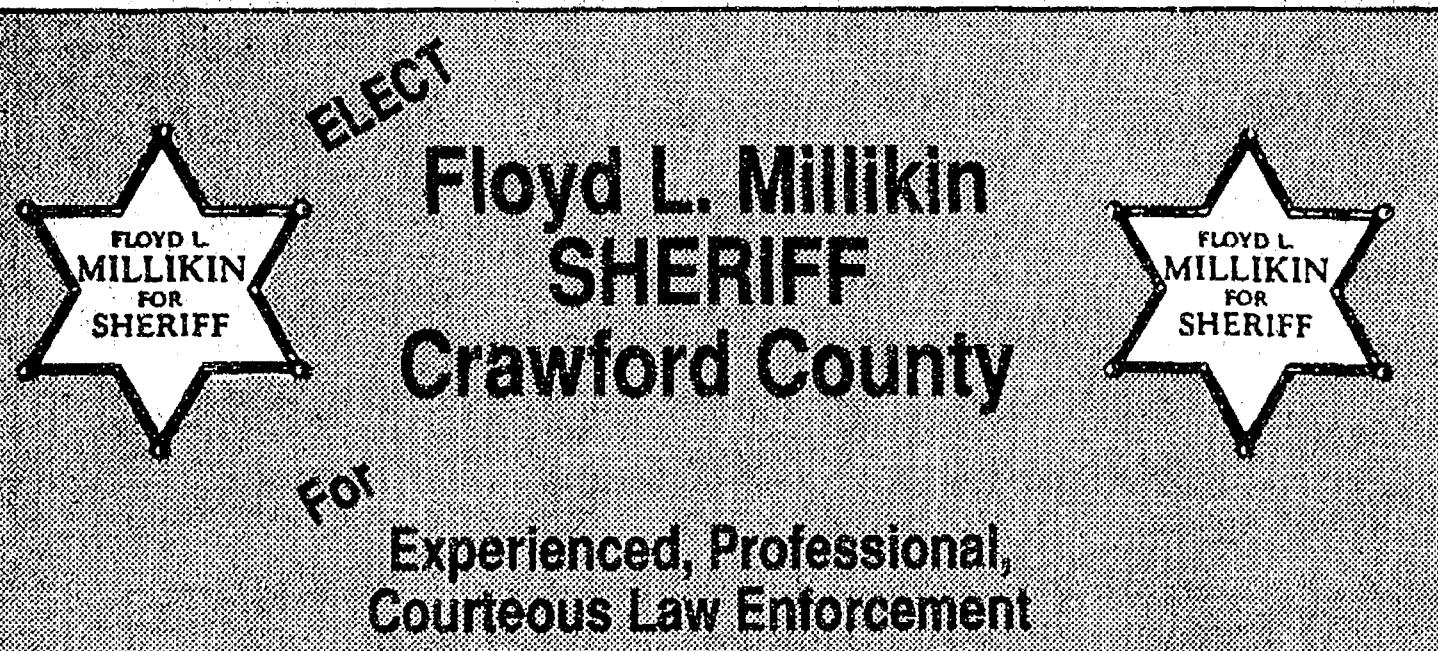

Tired of seeing your CD returns reduced by inflation and taxes? It may be time to consider the alternatives.

Sure, your certificate of deposit offers a guaranteed principal and fixed rate of interest. And most of the alternatives lack guarantees, resulting in some degree of risk to principal. But the fact is, if you're saving for the long-term, you need to look beyond guarantees and examine total return—interest earnings plus capital appreciation. This is the key to outpacing inflation and accumulating wealth.

Don't watch your savings fade away. If you have a CD coming due soon, learn more about your options before rolling it over. For more information, contact:

**The Following Is The Candidates Response
To Some Frequently Asked Questions:**

Q. Who are you considering for undersheriff if elected?

A. If successful, interviews will be conducted and a decision made prior to Jan. 1. With preference given to a candidate within the sheriff department.

Q. What is your position of discipline within the department?

A. Discipline matters will be handled swiftly. Policy violations being handled internally. Allegations of law violations, with merit, would result in officer being placed on administrative duties, pending investigation. If criminal charges result, the officer would be suspended pending outcome of charge, followed by appropriate action.

Q. Will there be policy changes?

A. All existing policy will be reviewed with changes, deletions or additions made as deemed necessary.

Q. Do you have bumper stickers?

A. No -- I wouldn't put a bumper sticker on my vehicle, and therefore won't ask you to put one on your vehicle.

Q. Will you be firing any of the current officers of the department?

A. The officers are all covered by a union contract. No one can be fired without just cause.

Q. How old is the picture on flyer?

A. Last department photo: Approximately 7 years.

Krey wins golf championship

Tim Krey of Grayling won the Championship flight in the month-long handicap tournament held at the Grayling County Club.

Krey defeated Charlie Guenther in the finals of the match-play tournament. He also defeated Rudy Martinez and Cliff Wheeler in other matches on his way to the finals.

Tom Schanz won the A flight defeating Bill Gildner in the finals. He

also defeated Mark Rutter and John Wejrowski on his way to the finals.

Mike Lesko won the B flight defeating Bob Pollman in the finals. He also defeated J.C. King and Lee Schonhoff on his way to the finals.

Mick McNamara won the C flight defeating Bob McIntosh in the finals. He also defeated Ralph Kaseman, John Hartman, and Roger Hall on his way to the finals.

Glenn Terry won the D flight defeating Bob Bovee in the finals. He also defeated Ken Carlisle, Tony Doremire, and Ed Lauth on his way to the finals.

Grayling Country Club PGA pro Mike Hoffman said 56 players participated in the tournament. Trophies will be presented to the winners at the end of the year banquet.

Joe LaGrow

LaGrow earns MSU degree

Joe LaGrow of Grayling, was graduated from Michigan State University June 13, with a degree in Criminal Justice.

The 1987 GHS graduate is the son of Janice and Joe LaGrow and grandson of Lois LaGrow and Ann Gomey both of Grayling.

Fair to hold horseshoe tournament

The Crawford County Fair single elimination horseshoe tournament will be held on July 17 at 12 noon. Finals will be July 18, also at noon.

The entry fee is \$5 per person, with money to be in no later than July 13. Entrants must be 18 years or older. Cash prizes will go to first, second, third and fourth places. All remaining money will be donated to the Crawford County Fair.

Contact Mike at 348-9327, or register at 7-Eleven, see Jacquie. Everyone is welcome.

was 4-3 going into the fifth inning.

Andy Perrin led the hitting with three hits including a double. Hinkle had three singles, Bugyi had a double and single, Jones and Wolcott had two singles, and Jason Lozon and Isaac Tobin added a single each.

Perrin pitched all seven innings, striking out 14 and giving up two hits.

SCHEDULE

Games scheduled for fifth and final week:

Monday, June 29 - Georgia-Pacific at Legion and Kiwanis at Houghton Lake #1

Tuesday, June 30 - Roscommon #2 at Georgia-Pacific

Wednesday, July 1 - Houghton Lake #1 at Georgia-Pacific

Thursday, July 2 - Legion at Kiwanis

End of regular season.

Games in Grayling are played at the high school field starting at 5:45 p.m. No admission fee is charged.

ALL-STAR GAME DATES

Grayling 13-year-olds play Roscommon-St. Helen 10 a.m. Tuesday, July 7, at Petoskey.

Grayling 14-15 year-olds play Harbor Springs 10 a.m. Friday, July 10, at Petoskey.

Grayling Recreation Authority

SUMMER PLAYGROUND PROGRAM

Twenty-two youth participated in the first week of summer playground program the week of June 15-19. Youth grades kindergarten through sixth grade participated in many activities throughout the week, such as baseball, kickball, and spud.

The mystery project of the week was an art activity for Father's Day. The finished project of the week was a bird house which the children will give to their dads as a present. The field trip this week was to Wolohan's Lumber. The tour was given by Bernie Mieske, the store manager. After showing the children around, Bernie gave them complimentary pencils, popcorn, and pop. Next week the field trips are to Buccilli's Pizza and the Avalanche.

Registration is taken on a week to week basis. If your children are getting bored this summer, register them for a week or more. For more information contact the Grayling Recreation Authority at 348-9266.

GIRLS BASKETBALL CLINIC STARTS

Middle school and high school girls can still register for the Basketball

Clinic being held at the Grayling Middle School gym. High school girls are held from 10 a.m. to 12 noon. Middle school girls are held from 12 noon to 2 p.m. The programs started June 22 and are four weeks long.

CO-ED VOLLEYBALL REGISTERING BEGINS

The Grayling Recreation Authority is now taking registration for Co-Ed Volleyball teams.

The program will include six games, volleyball, referee, trophies, and a double elimination tournament. The program starts July 9 through August 27. The games will be played on Thursday evenings at 6:30 and 7:30 p.m. Deadline for registration is Friday, June 26.

For more information on registering contact the Grayling Recreation Authority office at 348-9266.

MIDDLE SCHOOL SUMMER GRAFFITI DANCE

Throw on some old jeans and white t-shirt and bring one magic marker. This is your opportunity to autograph your friends' shirts.

The dance will be held on Friday, June 26, from 7 p.m. to 10 p.m. The cost is \$2 per person at the door of the

Archery Center Building at Hanson Hills Recreation Area off Old Lake Road, Grayling. For more information contact Grayling Recreation Authority.

Church presents community service awards

By Merna Newberry

The Reorganized Church of Jesus Christ of Latter Day Saints, Grayling branch, held its community service awards service on April 26. Presenting the awards was Pastor Lacey Stephan. Receiving the awards were Dennis Ormsbee, Winnie Poll, Dennis Wallace, and Ann Doty.

Ormsbee received his award for Zionic relations within the community. He has demonstrated outstanding leadership as band Master of the Crawford AuSable schools, motivating young people to excellence. His band students have consistently improved, with the highest ratings in the various departmental divisions at all levels.

Ormsbee has also received many awards from his professional peers. He has been a credit to his community, school, and the church. His family includes Brenda and children Chad, Trisha, and Tim.

Winnie Poll received her award for her dedicated personal services to the elderly. Seniors receive ministry in personal home care, shopping, assistance with many other needs and most of all, friendship. She is very busy working, but still finds time to do for others. She truly demonstrates pastoral ministry in caring and helping others.

Dennis Wallace received his award for serving as Frederic Volunteer Fireman, ambulance driver and attendant. He has coached 5th and 6th grade girls basketball, helped with the junior high girls and boys basketball

and assisted with the Jerry Lewis Tel-A-Thon and the Frederic Bike-A-Thon. Wallace is always there to extend a helping hand to those who need a little support. His family includes wife Beth and daughters Jennifer and Heidie.

Ann Doty received her award for services to her community, delivering Meals on Wheels, her years teaching youth at Grayling Middle School, and teaching special classes for senior citizens and swimming classes at the Holiday Inn. She has helped with many youth church camps and church reunions, at the Park of the Pines in Boyne City. She helps people who need the ministry of caring, support, and friendship. Ann is an inspiration to the church and she has willingly shared her many talents, too.

AWARD RECIPIENT—Pastor Lacey Stephan of the Reorganized Church of the Latter Day Saints, presents Ann Doty with an award for community service.

COMMUNITY SERVICE AWARDS—Award recipients Dennis Ormsbee, Winnie Poll, and Dennis Wallace with Pastor Lacey Stephan (2nd from right).

ENGAGEMENT ANNOUNCED—John and Barbara Frank of Saranac, announce the engagement of their daughter, Melissa Amy, to Scott David Englund, son of David and Judy Englund of Grayling. The bride-elect, a 1990 graduate of Saranac High School, is a junior at Grand Rapids Baptist College. Her fiance, a 1990 graduate of Grayling High School, attended Grand Rapids Baptist College and is presently manager of Pleasant View Window Cleaning Co. of Grand Rapids area.

WHY PAY POINTS?

Let's get to the point: You don't have to pay points at Old Kent with our special No-Points Mortgage. The No-Points Mortgage saves you a lot of cash up front. And that means more money for your down payment, or to set up your new home, or to just put in your pocket. You can also choose to pay point(s) and receive an even lower interest rate. If you're buying a home, come to Old Kent and we'll get you pointed in the right direction.

**Blood drive scheduled
for July 8 at Legion**

The Crawford County American Red Cross summer blood drive will be on Wednesday, July 8, at the American Legion in Grayling, from 12 noon to 5:45 p.m.

Over the July 4 holiday week-end, blood usage will be at an all-time high due to increased highway travel and outdoor activities that carry a greater risk for accidents. The community blood drive of July 8 will help assure a continuous adequate blood supply.

At the May 13 blood drive, gallon pins were awarded to: one gallon, Robin Madison and Scott Aumiller; four gallon, Adaline Wilson; and ten gallon, Albert Kesteloot.

There were 36 first time donors: David M. Baker, Nicole Barnes, Johannes Blekeli, Bethany Bobenmoyer, Jeremy Bowers, Jessica Brown, Mary J. Cole, Joyce Collen, Rhonda Donahue, Cindy Fedewa, Karen Ferguson, Dawna Fletcher, Ryan Frederick, Amy Hamel, Nicklas Hebekeuser, Ellen Kulick, Dawn LaVigne, Joshua Lepsy, Nicole Lester, Dustin Lovely, Scarlett Maher, Mitchell McMillan, Sarah Mlcek, Nicole Moran, Brenda Moshier, Jeffrey Partlow, Michael Rachwal, Gail Randall, Daniel Reese, David Roberts, Yolanda Rosi, Jamie San Cartier, Vincent Sandre Jr., David Tolbert, and John Weber.

Bits Of Talk

by Fay Bovee

Did you know that the depot was once almost twice the size that it is now? The north or west end of it, depending upon which direction you consider it as the town was not laid out in a straight north and south direction, housed a restaurant and hotel rooms. A newspaper clipping at the museum states that half of the building was razed in 1939 but this writer believes that is in error.

In conversations with some older residents, one thinks that it was torn down shortly after the Shoppenagon was built in 1915 or 1916 as it was no longer needed for rooms. Another old-timer also believes that it was gone

before 1920. I suppose some time-consuming research at the library in the Avalanche microfilms would turn up some information. Do I have any volunteers?

The main entrance to the museum is where the waiting room used to be. It has been said that that particular waiting room at one time was for ladies only and that the men's waiting room was in a different area. That was not the case in my early years of waiting for the morning train or the midnight train to travel to Mackinaw City or Detroit. But it is quite likely that in the very early years of the town when the railroad was about the only way to travel that the lumberjacks may have been a little less than desirable to be around.

The upstairs of the present part of the depot had sleeping rooms, a living area and kitchens for the railroad men. One of the strangest sights seen upstairs when the Rotary Club and the curator Bob Ruddy started cleaning it out in preparation for the museum, was the drainer full of dishes still left on the sink. No doubt the last man to use it assumed that someone would be in the next day. The dozen rooms upstairs now house exhibits arranged by various organizations.

SKATING DOWN CANCER—Twenty-year-old Higgins Lake native Max Ebstein is roller-blading to Florida in an effort to raise money for cancer research. Ebstein began his skate in Mackinaw City on May 16, and expects to end his journey in recently in Lansing.

"I'm extremely impressed with Max's determination to raise funds for cancer research, and his unbelievably unselfish attitude toward making a difference in this world," said Pridnia. "His parents, David and Yvonne Ebstein, have every right to be proud of their crusading son."

Max started training for his trip five years ago, after the death by cancer of his grandfather, Martin Ebstein. Since that time, Max has secured sponsorship commitments from McDonald's, Kmart Corporation, Holiday Inn, Elias Bros. Corporation, Ford/Lincoln/Mercury Corporation and several other local companies.

Max's "Skate Down Cancer" campaign will encompass approximately 1,800 miles. All proceeds from the independent fund-raiser will go to the American Cancer Society branch in the state where the money was donated.

REGISTRATION NOTICE

FOR
**GENERAL
PRIMARY ELECTION**
TUESDAY, AUGUST 4, 1992

To The Qualified Electors:

OF THE SEVERAL TOWNSHIPS AND CITY OF GRAYLING
IN THE COUNTY OF CRAWFORD, STATE OF MICHIGANNOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE:

Your Social Security

Mixed news on Social Security and Medicare Trust Funds

By Charles Tinsley

Social Security Representative

The Social Security trust fund that finances retirement and survivors benefits to more than 36 million Americans is expected to be able to pay benefits for the next 50 years. However, the funds used to pay four million disability beneficiaries and 30 million Medicare recipients face short-range deficits and depletion in the next five to ten years. The Boards of Trustees for the Social Security and Medicare Trust Funds noted that when shortfalls have occurred in the past, they were remedied by a reallocation of taxes from one Social Security fund to another, thereby averting any overall tax rate increases. The trustees recommended that a careful analysis of the disability program be conducted, including the allocation of current retirement/survivors and disability trust fund tax rates, so that appropriate proposals could be developed that would strengthen the financial position of the disability fund.

MEDICARE FUND ACTION URGED

The trustees' most pessimistic findings related to Medicare's Hospital Insurance Trust Fund, which they called "severely out of financial balance." Under the optimistic assumptions, this fund, which pays for inpatient hospital care and related services, would remain solvent until 2009. But under the pessimistic assumptions, the fund could be exhausted by the year 2000. The trustees recommended legislative action to control Medicare costs "... either through specific program legislation or as a part of enacting comprehensive health care reform."

"Not only are the anticipated reserves and financing of the (Medicare) program inadequate to

funds are sound. "In the Social Security program," he said, "current projections indicate continued substantial growth over the next several decades, helping to ensure that Social Security can meet its financial commitments in the next century when today's younger workers become eligible for Social Security." The reports noted that, this year alone, the Social Security trust funds will take in about \$338 billion and pay out about \$291 billion.

offset this demographic change, but come exhausted even before the major demographic shift begins to occur," according to the current reports. The trustees cited this fact when they urged Congress to control Medicare costs.

CONCERNS EXPRESSED

A fourth fund, the Supplementary Medical Insurance Trust Fund, was labelled "actuarially sound" by the trustees. This fund, which is used to pay doctor bills and outpatient expenses, is financed on a year-to-year basis. However, the trustees' reports did express concerns about the rapid growth of the program and urged Congress to take additional actions to control costs associated with this part of the Medicare program.

The Boards of Trustees are required by law to report annually to Congress on the current and long-range financial status of the Social Security and Medicare Trust Funds. Each Board has five members, three of whom are Cabinet Secretaries. In addition to Dr. Sullivan, the current members are Nicholas F. Brady, Secretary of the Treasury, and Lynn Martin, Secretary of Labor. The other two members, Stanford G. Ross and David M. Walker, were nominated by President Bush and are serving four-year terms as public trustees.

COMBINED FUNDS SOUND

In releasing the 1992 Annual Reports of the Social Security and Medicare Boards of Trustees, Health and Human Services Secretary Louis W. Sullivan, M.D., a member of both Boards, said the combined Social Security trusts

KCC warns of fraud

Kirtland Community College's Financial Aid office has been informed that some companies are "guaranteeing," for a substantial fee, financial aid assistance at a minimum level.

According to Dale Shantz, Director of Financial Aid at Kirtland, "People should be aware that some of these offers are outright fraud, while virtually all offer no more information than could be obtained from most college financial aid offices, at no charge at all."

If you have any questions about your child's immunization record and these three new revisions, contact your family physician or the Health Department office. The Health Department conducts immunization clinics for all area children free of charge (a small donation is suggested but not required). These clinics are held from one to four times each month at the health department offices in Cadillac, Kalkaska, Lake City, Grayling, and Mesick.

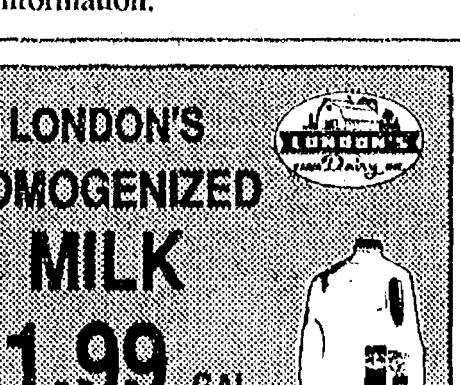

Appointments are suggested for immunization clinics and can be made by calling the office in your area.

Persons interested in taking this two-day seminar should contact Kirtland's admissions office. The new dates will be Friday and Saturday, July 18 and 19. Call 517-275-5121 for further information.

KCC seminar rescheduled

Due to inclement weather, the Business Marketing and Promotions Seminar scheduled at Kirtland Community College on June 19 and 20 had to be rescheduled.

New Life to complete five years of service

In October, New Life Community Services will begin its sixth year of service to the communities in Crawford and Roscommon counties. With the support of local, state and federal governments, this Michigan non-profit organization provides a variety of services to schools, courts, jails and communities at large.

The agency serves in two capacities; to those already in need and with prevention education. In 1990-91 the agency helped more than 1,000 people in need and is looking forward to continued growth.

The Michigan Community Corrections Act, PA511, was established in 1988 to divert certain prison or jail bound offenders convicted of non-assaultive offenses. New Life serves a vital role in this area by providing substance abuse counseling, individual and family counseling, job-seeking skills, resume development, private sector job placement, work-release and community service. These services are available at the county jail and at the offices of New Life through

the probate and circuit courts.

Some of the services administered by New Life in the Crawford-AuSable School District include: "Paper People," for kindergarten through second grade, utilizing paper bag puppets to improve self-esteem by demonstrating the values of staying healthy as opposed to the dangers of drugs and alcohol.

"Project SAVE," for grades 3 and 4, utilizing videos and handout materials, to impart more specific information about drug and alcohol abuse with ways for these children to say "NO" to both.

The staff of New Life also monitors daily attendance and supervises homework for selected students referred to them by probate court.

There is also an individualized education program for 16- and 17-year-old students who have accumulated so few credits that the GED is their only alternative.

For further information concerning any of these services offered, phone 348-2544 or 348-4374, day or night.

Kirtland to present pop, reggae concert

"Pop and Reggae Under the Stars," a concert presented by Kirtland Community Cultural Events Department, is scheduled for Saturday, August 1.

Four bands have been lined up for the eight hour extravaganza, including Rising Sun, a reggae band from Traverse City; J. D. Lamb and the Wild Blue, a pop band from the Detroit area; the Bad Examples, a Chicago pop band; and Tony Bell and Kutchie, a reggae band, also from Chicago. Bands begin at 4 p.m. and run consecutively until nearly midnight.

According to Brent Baxter Barrett, coordinator of cultural activities, "It was a very difficult program to line up. Several of these bands are on the verge of 'becoming.' We wanted to be able to have attendees say, when these groups are famous, that they saw them first at KCC."

Barrett stresses that security will be tight. Absolutely no alcohol is allowed at the on campus event, although non-alcoholic beverages will be available on site. Barrett added, "Bring your blanket, family and friends, and your dancing shoes. This is a family event and open to pop and reggae fans of all ages."

Tickets are \$10 per person for adults, and \$5 for children under 12, with festival seating only.

For further information, call Brent

Baxter Barrett at Kirtland at 517-275-5121, ext. 242.

News from the CASD Art Department *in the HeART of the North*

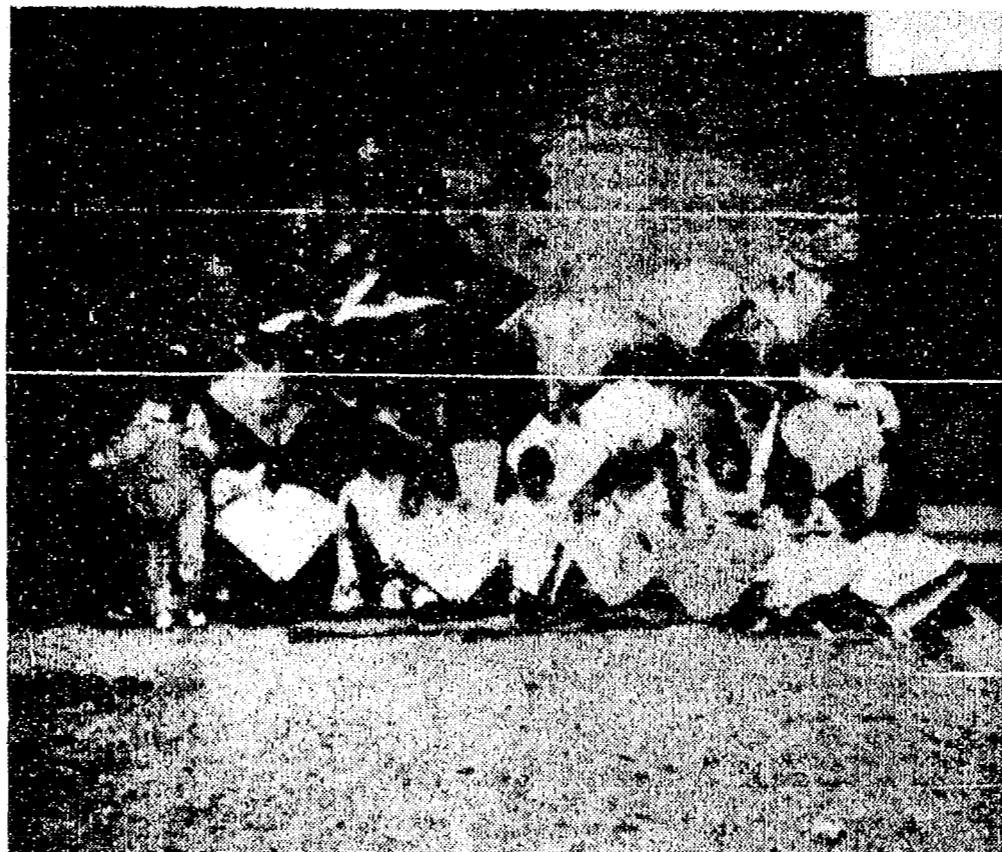

Grayling Middle School and High School art instructor Kym Inabinet just finished her first year with the Crawford AuSable School District, which she calls "The Home of Awesome Artists."

Inabinet said in each new art class she helps her students begin to really see, which enables them "to appreciate more beauty in things."

She left an assignment in a school district where she taught in a popular vocational commercial design program—to juniors and seniors planning to pursue careers in art. Although her middle school assignment is very different from her prior job, Inabinet said that her young students "have not had enough art to stick to the notion that 'they can't draw.' They're young enough to believe in 'can.'"

She said she is seeing "interesting and beautiful art" from her CASD students. Following are photos of a few of her middle school students at work and reproductions of some of their drawings.

How to make a kite

Making a kite is very cinchy! You will need a pair of scissors, glue, string 40 inches long, clothes hanger wire, pliers, hacksaw, tape, one big sheet of paper, yard stick, marker, a skinny wooden stick, and crayons.

This is how you make the kite. First you take the skinny wooden stick, the yard stick and the marker. Then with the marker, mark the wood stick at 20 inches. After that take the pliers and the clothes hanger and cut the part of the hanging area off. Then straighten the wire and cut with pliers to 30 inch length. Then take the hack saw and cut the marked off part and notch one end of the stick. After that take the wire and balance it so you will know if it is in the middle (make sure it is on the other side of the notch.) After that take the tape and tape the wire to the stick so that it looks like this: T

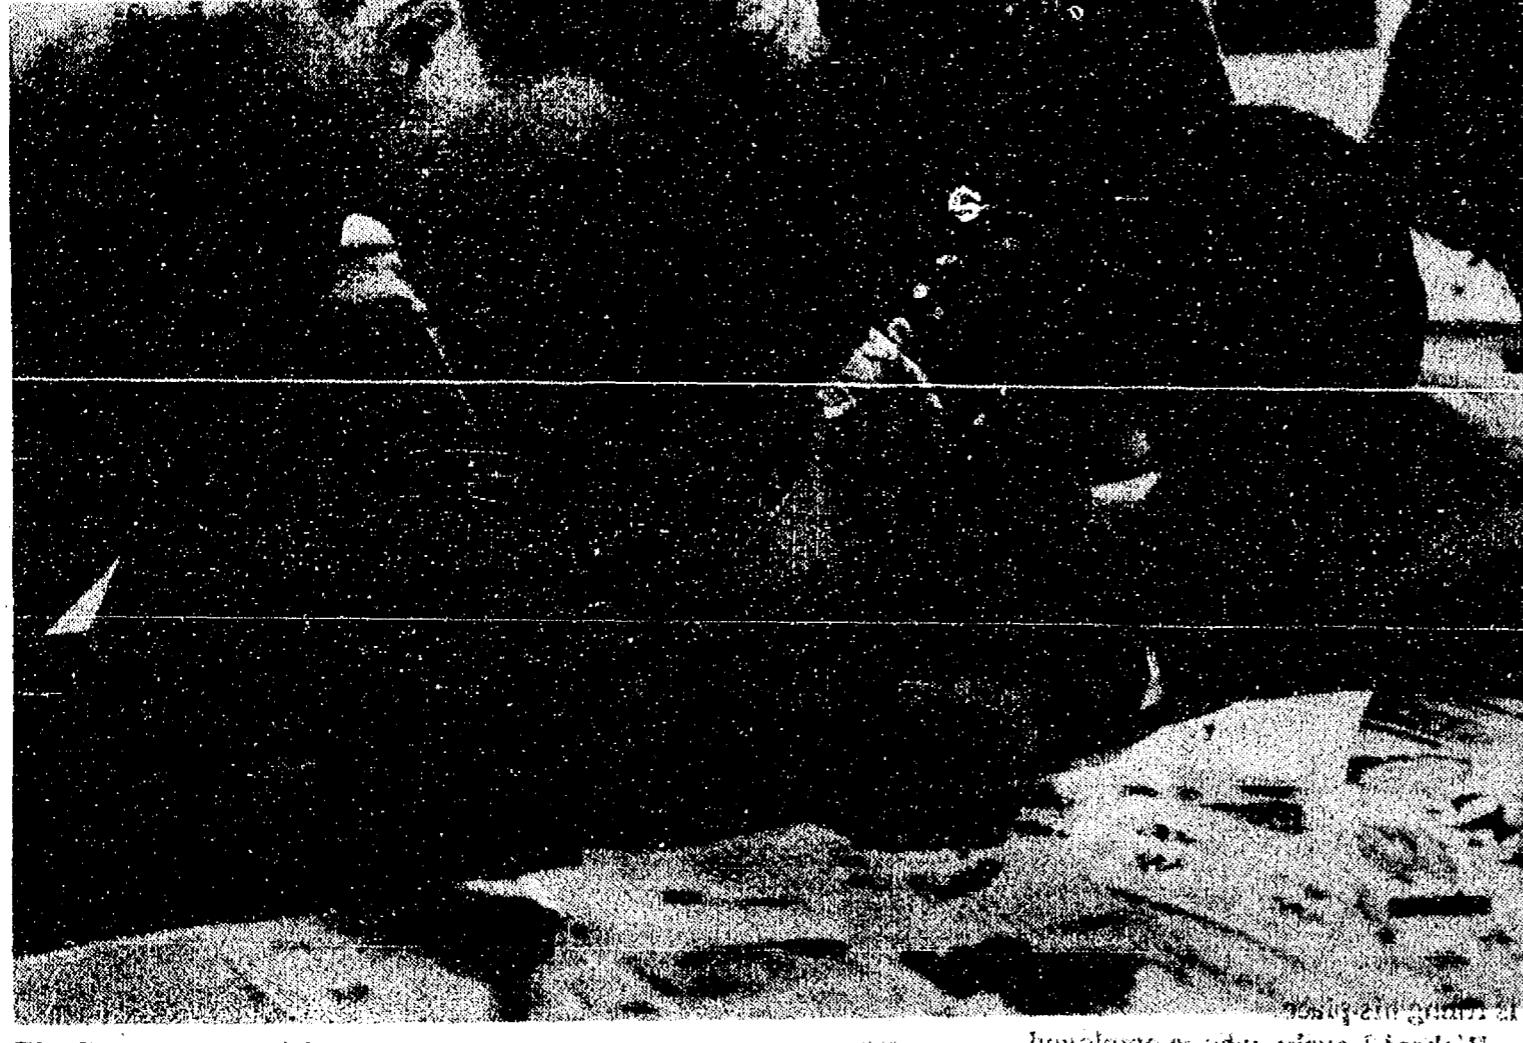

Then cut the string with the scissors 40 inches long. After that take the yard stick and mark the string in the middle and 18 inches away from the middle. Then take the 18 inch marks and tie or tape to ends of the wire. Then take the middle mark and put it in the notch. Then lay the frame on the paper. Then trace the frame one inch away from the frame. After cut the paper out. Add a triangle in each corner and cut em out too. With crayons draw a picture on the paper. Finally lay the kite frame on the paper, fold paper over the wire and string and glue. Your kite is finished.

Nathan Ross

Kite Flying

On Friday, May 15, 1992, Mr. Andrus' class flew kites on the football field. Alisha's went in circles. Jamie and Dan's kites were tricksters. Paul's went wacko in the air. I did not fly a kite cause I did not have a string.

GMS ART CLASS--The "I can!" attitude results in Shawn Ashworth's success, as Ike Isenhardt and Tim Hoesli become involved in his work. GMS art instructor Kym Inabinet said, "Middle school students have not had enough art to stick to the notion that they can't draw. They're young enough to believe in 'can.'"

ENJOYING ART--GMS students Jessica Lobsinger, Tim Hoesli, Samantha Millikin, John Hill, Joe Goben, Melissa Hall (front) and Jason Wilson (back) are caught in the process of making and enjoying each other's art. Instructor Kym Inabinet said that the chances for students to be successful in design careers are much greater today than in the past.

ART APPRECIATION--Josh Taylor looks on as Aaron Perin works on a drawing. According to Kym Inabinet, GMS art teacher, art increases a person's ability to appreciate beauty, improves one's sense of spatial perception and creative problem solving ability, develops character and provides hours of enjoyment as a productive pastime.

GMS ART WORK--
Samples of Kym Inabinet's student art work include: SamModica (7th grade), Deer; Heather Ball (7th grade), Chimp; Jeremy Nelson (7th grade), Bird of prey; Nelson, Bird on limb; Cassie Maples (6th grade), Cheetah.

Verse or Worse

By Joe Murphy

Summer Memories

Cold watermelon on a hot summer day
Hot dogs roasting over the fire
Games of baseball in the twilight
Legs that could run and never tire

Catching grasshoppers in the meadow
Catching little bluegills at the lake
Balling out that old leaking row boat
Slices of mom's great chocolate cake

Wild strawberries by the bowl full
Covered over with sugar and cream
Scary stories by the campfire
Time to just laze and dream

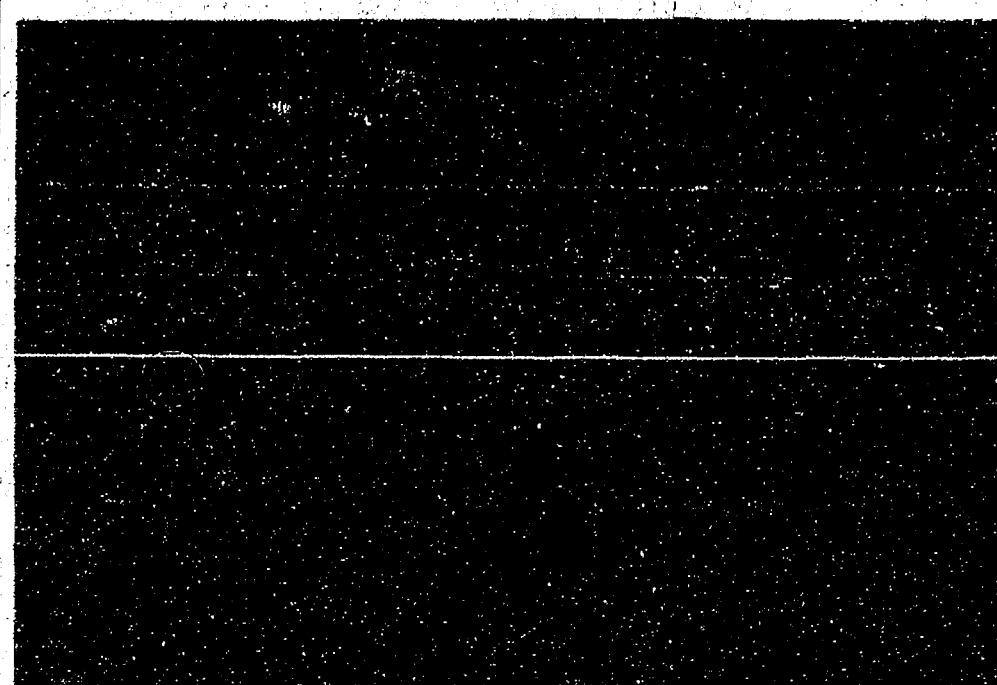

Sometimes working in the garden
Sorting good plants from the weeds
Picking blackberries by the pail full
To help meet our family's winter needs

Seeing little fawns wearing polka dots
Following their momma to the creek
Red fox hunting for mice and gophers
As food for her family she must seek

Home made ice cream full of berries
Platter of fried chicken for Sunday's meal
Family all together at the table
Sweet memories that shine so bright and real

Days long past so well remembered
Full of joy though times were bad
Thank you, Lord, for such fine memories
Of a wonderful Mom and Dad,

Features

SONYA NEEDS A HOME--Sonya, a one-year-old golden retriever with a jaw deformity, needs a new owner to love her, flaws and all. Also available is Precious, a one-and-a-half-year-old, house-trained, three-legged beagle whose owner was transferred. Visit these and other dogs and cats at the Animal Shelter of Grayling on M-72 West. Also, stop by over the Fourth of July weekend for the shelter's annual garage sale. Call 348-4117 for information on adoption or the sale. (Photo by Betsey Mitchell)

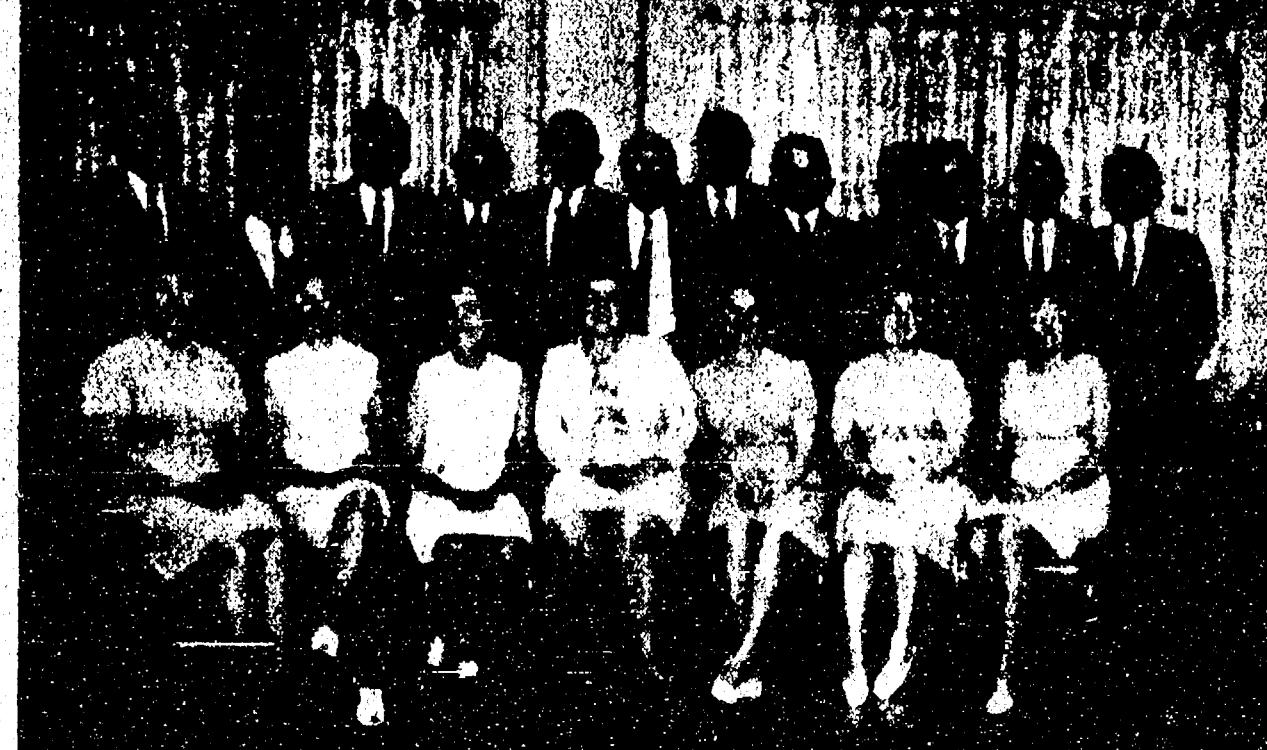

Pet Care Tip

Don't leave your dog in the car during the summer! On a hot summer day the inside of a car heats very quickly. On an 85 degree day, for example, the temperature inside a car—even with the windows open slightly—will reach 120 degrees in 30 minutes. On warmer days it will go even higher.

A dog can withstand a body temperature of 107-108 degrees for only a very short time before suffering irreparable brain damage—or death. Also, the closed car interferes with the dog's normal cooling process—evaporation through panting.

If your pet is overcome by heat exhaustion, immediately immerse it in cold water until the body temperature is lowered, advises the Animal Protection Institute of America.

July 3, 1969

Fred Bear, President of Bear Archery, is the first recipient of the Grayling General Legion of Honor Medal, given to those for outstanding contribution to the community.

After twenty-two years of service, Mrs. Carl (Tete) Hanson has retired from her position as Forelady of the Leather Department at Bear Archery. At a dinner, in observance of the event held at the Polyhedron Lodge, Tete was presented an engraved watch by Fred Bear.

On Thursday, June 26, the siren was once again sounded in Grayling alerting residents that a tornado funnel had been sighted. Areas to the northeast were hard hit by tree and wire damage, but the funnel cloud, which was sighted from the golf course moving just to the north of town, was not reported to have touched down. Later that same day, two funnel clouds were sighted north of Gaylord. On Sunday, a possible third funnel cloud was sighted to the south, but being late at night, they were unable to confirm the sighting, and therefore the siren was not sounded.

A total rainfall this month, resulting from the storms, was 9.44 inches, the most rain ever in June for this area.

We had a record five tornado days, and seven days of severe weather.

Funds for a multi-purpose senior citizens center, serving residents of Crawford County, have been approved by the Michigan Commission on Aging. The project will be sponsored by the Crawford County Council on Aging.

Mr. and Mrs. Clifford Malloy and daughters, Jean and Shirley of Lansing, were guests for several days of Mr. Malloy's mother, Mrs. Frank Malloy.

Your Horoscope

Your Week Ahead Horoscope

Forecast Period: July 5 - 11

ARIES
Mar. 21-Apr. 19

Advantageous career move lies ahead. Timing is right to pull up roots and start over. Strike while the iron is hot.

TAURUS
Apr. 20-May 20

Assignation may be cancelled. Use time wisely to evaluate present relationship.

GEMINI
May 21-June 20

Avoid maudlin theories. Listening more closely could earn valuable rewards. Family member could benefit from your expertise.

CANCER
June 21-July 22

A gesture of good will from old adversary can spark new relationship. Don't be deceived by false promises.

LEO
July 23-Aug. 22

You must be more convincing if you want to achieve your goals. Older relatives look forward to your visit.

VIRGO
Aug. 23-Sept. 22

Be sure you have all the facts before making an important decision. Incomplete data can cause problems.

LIBRA
Sept. 23-Oct. 22

Spouse or mate reveals pertinent information. Show your appreciation. Wining and dining would be appropriate.

SCORPIO
Oct. 23-Nov. 21

Your popularity declines. Unfortunate circumstances highlight your shortcomings. Look carefully for help.

SAGITTARIUS
Nov. 22-Dec. 21

Conservative ideas will net you a less healthy position, career-wise. Be more creative and inspirational.

CAPRICORN
Dec. 22-Jan. 19

May-December romance can work. Age should not be a factor if love is really present. Don't listen to gossip.

AQUARIUS
Jan. 20-Feb. 18

Travel should not be encouraged. Take care of the more important problems at home before you begin to tackle others.

PISCES
Feb. 19-Mar. 20

Don't be discouraged by failure. Take another turn. Keep pressing until you get it right.

The Bible Speaks

From The
Calvary Baptist Church

Balance of Law

Our concept of government by law seems to be more and more unbalanced as we digress from the Judeo-Christian standards upon which Western law was based. A few weeks ago I read in a Detroit paper where a man was arrested in a grocery store parking lot for eating ice cream. The arresting officer justified the action because the area was not zoned for the consumption of food. In the same paper a lady was arrested for putting her garbage can on the curb before 5 a.m. In "Operation Buckled Up" St. Clair Shores Police sent monitors to busy intersections to encourage obedience to the seat belt law. Zoning laws are often used against churches and Bible study groups.

In proportion to the public abandonment of God's revealed standards in the Bible grows the confusion and conflict between permitting personal liberty and enforcing community order. In permitting personal liberty, we have become like the Jews of old: "In those

days [there was] no king in Israel, [but] every man did [that which was] right in his own eyes." (JUD 17:6). Therefore, everyone is permitted to play the fool by seeking his or her own "right." "Every way of a man [is] right in his own eyes..." (PRO 21:2a). On the other extreme, good citizens are often penalized for trivia in the name of community law and order. Is it time to evaluate and balance American laws by the Bible and the U.S. constitution? Is it time to clearly distinguish between "Rights" and "Wrongs?"

We are reminded again this Fourth of July of a portion of the "Rights" section of the Declaration of Independence:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness."

"That to secure these rights, Governments are instituted among Men, deriving their just powers from

the consent of the governed."

"That whenever any Form of Government becomes destructive of these ends, it is the Right of the people to alter or to abolish it, and to institute new Government . . ."

Our Rights to Life, Liberty, and the pursuit of Happiness are unalienable because they were given to us by our Creator, not government. All human beings are created from the moment of conception, with a Right-to-Life until their God-appointed hour of death. All human beings must have a Right-to-Liberty to know and obey God's revealed will in Holy Scripture. All human beings must have a Right-to-Private Property to be free stewards to follow God's creation mandate in pursuit of Happiness.

Area Happenings Warbler population shows 13% increase

"The Dancing Princesses" and "The Story Lady" for children age four to ten will run July 18, 19, 25, and 26 at 1 p.m. and 3 p.m. at Old Town Playhouse in Traverse City. For information call (616) 947-2210.

Little Red Riding Hood, will be presented July 10, at the Michigan Opera Theatre in Cheboygan. Call (616) 627-5841, Tuesday through Friday, 9:30 a.m. to 4:30 p.m.

Dancer Margie Gillis will perform at Interlochen Arts Camp on July 11, at 8 p.m. Call (616) 276-6230 for ticket information.

Violinists and Interlochen alumnae Ida and Ani Kavafian perform an evening of classical music with pianist Jonathan Feldman in Corson Auditorium, July 13, 8 p.m. For more information, call (616) 276-6230.

Range Firing

Range firing will be conducted at Camp Grayling in the following areas:

The Range 40 Complex, Air to Ground, located north of County Rd. 612, east of Guthrie Lake, south of Old State Rd. 618, and west of County Rd. F97 (Twin Bridge Rd.). Firing will be from July 1 through July 2, and July 6 through July 8.

The 1992 count of the endangered Kirtland's warbler has shown the bird's largest population in 30 years, according to officials of the Department of Natural Resources.

When the survey was completed last week, a total of 393 singing males were located in seven Michigan counties, along with one warbler in Wisconsin. This represents a 13% increase from 1991 and the largest count since 502 males were found in 1961. Likely areas in Ontario, Canada, and the Upper Peninsula were also surveyed, but no warblers were found there.

"We believe this is a good sign for continued recovery of the Kirtland's warbler population," DNR Director Roland Harms said. "The nearly 2.5 million trees planted on state and federal lands this year under the Kirtland's warbler management program will help provide habitat to sustain these birds in the future."

Several tree plantations showed increases in the number of birds using them this year, especially the larger-

sized plantations. Twenty-six percent of the warblers (104 males) this year were found in areas specifically planted as nesting habitats for them.

The entire world's population of this blue-grey and yellow warbler nests in the young jack pine forests in northern Lower Peninsula.

The seven counties where warblers were found this year, and the number of warblers in each for 1992, are: Alcona, 8; Crawford, 52; Iosco, 4; Kalkaska, 3; Ogemaw, 48; Oscoda, 274; and Roscommon, 4.

Oscoda, Crawford and Ogemaw counties account for 95% of the birds. Sixty-four percent of the total are in an area in Oscoda County that was burned in 1980, known as the Mack Lake burn.

The survey is done each year during a ten-day period in the first two weeks of June. The 1992 survey was a joint effort with the DNR, U. S. Forest Service, U. S. Fish and Wildlife Service, Michigan Department of Military Affairs and citizen volunteers.

Church Directory

"R.S.V.P."

You are cordially invited to attend the celebration of the two hundred and sixteenth birthday of our nation, the United States of America.

This gala extravaganza is planned for the date of July 4, 1992, Independence Day, from dusk till dawn, rain or shine.

All who take pride in our country,

and who revere those who gave of their hearts, their minds, and their lives that our nation could have birth, are invited to attend.

You need bring only your appetite and your patriotic enthusiasm. Food, fun and fireworks will abound!

Join in the festivities. Your presence will be most welcome.

A quick review of the calendar reaffirms that it has been a busy spring. Since April 15th, we have hosted 70 different school groups from as close as Roscommon and Gaylord and as far away as Port Huron and Grand Rapids. They ranged in age from second graders to college students.

Today, June 15, marks the end of the school groups; as Tawas will be the last and today starts the summer season. We have started scheduling daily tours for the general public and with a few exceptions (meetings and inservice training) there will be at least one tour a day and more likely two a day until Labor Day.

Legal Action

Grayling Township Board Regular Meeting June 9, 1992

Members present: Mike McNamara, John Medler, Ruth O'Mara, Monica Ashton, Arnold Stancil. Members absent: none. Others present: David G. Lovely, Petra Hellenthal, Bob McLachlan, Jim Sharp, Susan Johnson, Bruce Baukin, Mr. Brundage, un-named others.

By consensus of the Board the agenda was altered. Approval of minutes, treasurer's reports, and correspondence will follow a presentation by City Environmental Services, Inc. and two road maintenance public hearings.

City Environmental Services, Inc., represented by Jim Sharp, Sue Johnson, and Bruce Baukin, discussed the original County Plan for the Crawford-Otsego Landfill, reciprocal agreements with outlying counties and County Plan amendments. The proposed site plan was outlined with graphics. A possible time table for clean-up of pre-existing contaminated areas, ordered by the DNR, was discussed, however, testing to determine the extent of the plume is still underway.

Motion by O'Mara/McNamara, carried, to recess regular meeting and open Public Hearing regarding the Special Assessment Roll for Maintenance of Interior Private Roads of Shangri-La Sub. All ayes.

PUBLIC HEARING

Supervisor Stancil explained hearing procedure and the purpose of this, second of two, public hearing is to receive and review requests for exemption from property owners who feel they will not derive benefit from the proposed improvements or that the assessments are not equitable.

Subsequent to a public hearing held May 12, 1992, the Township Board resolved to create a Special Assessment District to spread the cost of maintenance, including gravel, grading, and snowplowing, of Sunset Strip, Peaceful Vista, and Blueberry Hill roads, Shangri-La Sub., T26N, R2W. The original request for maintenance was in the form of a petition by a majority of property owners of frontage on said roads.

The project is effectively a renewal of a five year maintenance S.A.D. established in 1987.

The cost to be spread is \$5,000 per year for five years divided by 49 properties or \$102.04 per year per parcel.

Correspondence on file:

May 11, 1992/Mr. and Mrs. Steve Marcinak request exemption of Lot 41. Reason: part time use as country escape.

May 11, 1992/Saturno D'Arpini requests exemption of Lot 28. Reason: Cherokee Lane not maintained.

May 12 & 24, 1992/Bob and Alice Ward request exemption of Lot 27. Reason: Part time use only. Non-residents.

Supervisor opened the floor to public comment. Some discussion on areas to be maintained. Cherokee Lane has not been kept clear of snow. Is it, or should it be, included? Matter will be discussed with contractor.

No property owners present requested exemptions.

Motion by Ashton/Medler, carried, to close public hearing and re-convene regular session. All ayes.

Motion by McNamara/Medler, carried, that the Grayling Township Board resolves to adopt the Special Assessment Roll for Maintenance of the Private Interior Roads of Shangri-La Sub., T26N, R2W, as drawn by the Supervisor and authorizes the cost to be spread on the tax roll for five years beginning December 1, 1992. All ayes.

Motion by Ashton/O'Mara carried, to recess regular session and open Public Hearing for Horseshoe Trail Special Assessment Roll.

PUBLIC HEARING

Supervisor explained hearing procedure and reviewed action to date.

On April 14, 1992, a petition signed by more

than 51% of property owners fronting Horseshoe Trail requesting maintenance of said road through Special Assessment was accepted by the Township Board.

On May 12, 1992, subsequent to a public hearing of necessity the Board resolved to create a Special Assessment District for maintenance of Horseshoe Trail, which included gravel, grading and snow removal.

This public hearing is for the purpose of hearing objections from any property owners who feel their parcel should be exempt from assessment due to the fact that they would receive no benefit from the improvements or from property owners who feel the assessments are inequitable. Protesting in person or in writing at this hearing protects assessment appeal rights.

The cost per year of \$5,523 will be spread between 59 property owners at a rate of \$92.75 per unit for parcels fronting on Horseshoe Trail and \$70 per unit for parcels gaining access from Horseshoe Trail.

Correspondence:

May 28, 1992/Thomas and Bonnie Jones request exemption. Also, Mr. Brundage requests exemption as agent on their behalf. Reason: Non-resident property owners. Maintenance unnecessary. Do not use road.

June 9, 1992/James and Sylvia Taulbee request hardship exemption as fixed income retirees.

June 1, 1992/Ron Chappel: In favor of proceeding with project.

Supervisor opened the floor for public comment. No property owners present requested exemption.

General discussion of condition of road.

Motion by O'Mara/McNamara, carried to close public hearing and re-convene regular meeting. All ayes.

Motion by McNamara/Medler, carried, that neither request for exemption being very compelling, the Grayling Township Board resolves to adopt the Special Assessment Roll for maintenance of Horseshoe Trail as drawn by the Supervisor and authorize its placement on the December 1, 1992, tax roll and each December thereafter for a total period of five years. All ayes.

Motion by Medler/McNamara, carried to approve minutes of May 12, 1992. All ayes.

Motion by Ashton/McNamara, to acknowledge receipt of Treasurer's May 31, 1992, report. All ayes.

Motion by O'Mara/McNamara, carried, to re-appoint Barbara Clark Green to a three year term on the Zoning Board of Appeals. All ayes.

Request by Paul Elekonich, Electrical Inspector, to re-evaluate commercial and industrial electrical rates.

Motion by McNamara/Medler, to leave commercial and industrial electrical permit and inspection rates as they are at this time. All ayes.

Motion by McNamara to rescind the 20 foot cross-section requirement of Grayling Township Zoning Ordinance 92-2 which, in actuality, zones out 14 X 70 mobile homes.

Ashton and Stancil reviewed the required procedure for amending an ordinance.

Motion re-stated by McNamara, and supported by Medler, that this Board requests the Grayling Township Planning Commission to review the Sec. 20.1 (m) 2 cross-section and minimum square footage requirements of Grayling Township Zoning Ordinance 92-2. All ayes.

Motion by McNamara/Medler, carried, not to support the resolution by the Crawford County Tax Allocation Board petitioning initiation of procedures for the adoption of separate tax limitations for the County, Townships and School Districts within this County. All ayes.

Motion by McNamara, support by O'Mara, carried, to purchase a dual course timer and digit display race clock for use by the Grayling Recreation Authority to promote the athletic programs run through Hanson Hills Recreation Area. Cost to exceed \$4,800 plus shipping. Funds to be appropriated from the 1992-93

budget. Roll call: All ayes.

Motion by McNamara/O'Mara, carried, to purchase General Ledger and Accounts Payable software updates from Fund Balance prior to June 12 at a cost of \$475. Roll call: All ayes.

Motion by McNamara/O'Mara, carried, to issue Fireworks Permit to Camp AuSable, Sec. 16, T26N, R3W, for 10 p.m., July 4, 1992. Display will consist of approximately 15 aerial rocket bursts and ten aerial bomb reports. All ayes.

Motion by Ashton/O'Mara, carried, to authorize a contribution of \$400 to the Grayling Booster Club toward community observance of Independence Day. All ayes.

Motion by McNamara/Medler, carried, to approve split of Lot 19 of Oak Acres Park. Fifty-one feet of Lot 19 to be added to Lot 18 to create one 111 ft. X 180 ft. parcel. Remaining nine feet of Lot 19 to be added to Lot 20 to create on 69 ft. X 180 ft. parcel. Each parcel will exceed the 12,000 square foot requirement of the R-2 Zone and conform to Township Zoning. All ayes.

Motion by Ashton/O'Mara, carried, to amend the accounts in the 1991-92 General Fund Budget, listed below, in the manner shown:

Account	Description	Original Budget	Amount Inc/Dec	Amended Budget
852-712.000	Hospitalization	18,000	+4100	22,000
862-710.000	Soc. Sec. & Med	10,300	+700	11,000
870-718.000	Unemployment Ins.	1,500	+200	1,700
861-714.000	Retirement	7,500	+700	8,300
276-801.004	Cemetery	17,314	-5700	11,614
		54,614	-0	54,614

Approved, if the inventory status is ample. It was discussed that if this is to be an annual event the Township might consider putting this expense in their budget.

A conditional abandonment of part of P 97/County Road 612 right-of-way in Lovells Township will be completed when the land description is received from Marvin Myers.

A lengthy discussion was held on the pension plan. Commissioner Chapp made a motion which expired for lack of support. The matter was tabled until the next meeting while additional information is reviewed.

A motion was made and seconded to adjourn the meeting. All voted in favor, meeting adjourned.

NURSING SCHOLARSHIP--Jim Besonen, representing the 40 and 8, American Legion Voiture 1495, presents Jennifer Walsh with a \$500 scholarship for nursing training. Walsh will graduate from Kirtland Community College with an L.P.N. degree in July and continue her studies for an R.N. degree in the fall, also at Kirtland. Besonen said the group's purpose is to raise funds to award nursing scholarships.

Scrambles tournament to benefit football

An 18-hole scrambles golf tournament will be held Friday, July 10, to benefit the new Grayling AuSable Football League.

The tournament is limited to 72 players. Four-man teams will tee off from 10 a.m. to 1 p.m. Friday. Cost is

\$25 per person with all proceeds going to establishing the new football league for junior high school players.

There will be cash prizes for the tournament played at the Grayling Country Club. Call Gerry St. Germain 348-3664/7392 for more information.

Youth canoe races set for Saturday in millpond

The Spike's Challenge Committee and Grayling Booster Club are sponsoring Youth Canoe Races on Saturday, July 4th.

Youths ages 10-17, will navigate a series of laps on the pond at City park beginning at 1:30 p.m.

Canoes, paddles and life jackets will be provided. Trophies will be awarded for 1st-3rd places in four age groups. In addition, all participants will receive a prize, donated by local merchants, regardless of where they place.

Pre-registration is a must as parental consent is required. Entry forms can be picked up at the Avalanche, Mac's Drugs, Buccilli's Pizza, and Spike's Keg O'Nails.

Late registrations will be accepted between 10 a.m. and 12 noon on July 4th at City Park, but racers who do not have pre-signed entry forms must have

a parent or legal guardian with them to sign entry forms.

Parents can call Monica Ashton at 348-5651 or 348-4361 for more information.
